March 17, 2020

Dear valued customer,

In an effort to minimize the risk to our employees, and to consider the long-term implications to our business in general, including production capabilities and the health of experienced personnel and their families, Vacuum Barrier Corporation has imposed a no business travel policy, effective immediately.

This will prevent our sales and service staff from visiting customers, including local customers, through the end of March. We will continue to monitor this evolving situation and keep you updated on policy changes.

In the meanwhile, we will offer as much telephone support as you need, and reschedule service visits when travel becomes safe again.

We sincerely apologize for any disruption this will cause.

Thank you for your patience.

Mike Johnson

Vice President of Sales
